

CAREERS IN STUDENT AFFAIRS DAY

October 17, 2003

California State University, Long Beach

Co Sponsors

National Association of Student Personnel Administrators

American College Personnel Association

The purpose of this event is to introduce you to the wonderful world of Student Affairs. Some of us call this field Student Development, for that is what we are about. Our focus is the student. There are many avenues in which we find employment. You will hear of those options today. You will also be introduced to the excellent academic preparation programs throughout the country, learn about applying for graduate work and speak to faculty and current students about your goals.

WELCOME
