Brenda

operations
program / com duplnt.
operations needs, forms, model

operations talk - Sherken, Regina

Fall Community Advisor Training

September 3-16, 2002

“Welcome to the Real World!”

“The Mole”

Tuesday, September 3
Community Center

Sometime in the AM: Deliver the first clue along with some balloons.

Afternoon: Food Shopping

7:30 pm Scavenger Hunt

In their welcome basket that will be awaiting them in their rooms upon arrival will be an envelope with instructions inside to meet at the Community Center at such and such a time on Tuesday night ready to meet their teammates and play “the mole”. Upon arrival at the community center (which will be empty), the group will assemble together and be greeted by a bunch of balloons which will have an envelope attached to them with their first clue that will send them off to campus to start their scavenger hunt. We will have three additional players who will act as a mole on each of the three teams. Their last set of instructions will send them back to the community center where we will greet them and have as their reward a t-shirt for each CA. The catch is that each team will have a mole, that hopefully has played their part well enough to fool them, and therefore each team will have one more person than t-shirt and we will have to ask them to vote of their mole by secret ballot. We will “tabulate” the votes and then gather everyone together to make the final presentations where we will introduce each person on all three RD teams and move into the welcome...

9:00 Welcome to the Village and the Residence Life team!

- ◆ You have gotten a chance to meet each other...just wanted to say hi and let you know who we are!
- ◆ Quickie introduction of Mandi, Rue, Katie, and Kristin

9:10 Expectations for training: Possible Skit with Moles as plants (Kristin)

- * It's going to be an intense week, make sure that you are getting enough sleep, eating well, doing those things that you need to do to stay fresh, whether that's taking some time to be by yourself or working out.

- * We have a lot to cover in our time together so please be on time.
- * When you do arrive on time, please come prepared for the session with something to take notes with and on and/or other necessities for the session. We will let you know ahead of time if you will need something special for that session.
- * Participate in all activities and sessions. You will get out of this what you put into it...and we may ask you to do things that would require you to step outside of your comfort zone a little bit. If you have any reservations about something, talk to your RD or Mandi ahead of time.

Katie explains the Bags O' Fun...

- * that they will be up all during training and they are to be used to send encouraging notes to others. We have decorated on side for them...they are free to personalize them further however they wish to do so!

Hand out and explain Clipboards...

- * We will share at the retreat on Friday night. Supplies will be available throughout the week in the CA office. If you use them please make sure to put them back so that everyone can share in the wealth of our resources.

9:30 Refreshments (cupcakes and cookies and milk and soda and water) and some time to hang out

“Meet My...’Folks”

Wednesday, September 4, 11:00 am
Community Center

The morning is yours to run errands on campus and around town!
